Good morning Sunny,

I just wanted to take a moment to personally thank you for your help on this order.
I appreciate all the effort to work through the issues on these two parts and the good news is, it should be continuous business.

I have been doing this almost 30 years and have never seen such turbulent times. For Easylink to make the decision to offer assistance to a new customer speaks a lot to the character of your company.

Thank you again and have a wonderful day.

Best regards,
Pa [REDACTED]
